

WCFS 2021-2022 2nd Quarter Giving Explanation

**Why Give?**

Our fiscal year began on July 1. We project our budget each year based on projected *Tuition Payments* and *Freewill Giving*. Our giving income is used to assist us in providing scholarships, meeting budget, lobby outreach & mortgage payoff. As a rule, the WCF/S Board plans to generate 25% of the WCFS operating budget through giving in order to keep our tuition at the lowest possible levels. The giving coupon attempts to communicate the specific amounts and areas of need. Detailed budget info is available on request.
